THE COLLEGE.

The College of the City of New York, originally entitled the Free Academy, although academic in name, was intended, from its very first inception, to furnish a complete collegiate education. This appears from the language of a Committee appointed by the Board of Education, July 27, 1846, to report upon the subject of the establishment of an institution of this nature, which report was made and considered at a meeting of the Board held on February 10, 1847, and formed the basis of a memorial to the Legislature. It recommended the establishment of a "Free College," in the following terms:

"Your Committee will briefly remark that their design is to offer the idea of a College, in which, while it shall be in no way inferior to our Colleges in the character, amount, and value of the information given to the pupils, the course of studies to be pursued will have reference to the active duties of operative life, rather than those more particularly regarded as necessary for the pulpit, bar, or medical profession."

In accordance with this recommendation the Legislature authorized the establishment of the New York Free Academy, and a course of study was laid down adapted to accomplish this great purpose of its organization. From time to time, as practical experience suggested amendments, the course was modified and enlarged, until it attained such breadth and symmetry that the Legislature, in the year 1854, passed a law endowing the institution with full power to confer upon its graduates the usual collegiate degrees and diplomas in the arts and sciences.

As one class after another graduated, and left the city to reside in other parts of the country, where their Alma Mater was known only by its name, they found the impression existing that they had not enjoyed a collegiate education, and hence arose the unpleasant necessity of vindicating their claim to liberal learning, by explaining their *status* as graduates of the New York Free Academy. This cloud which rested upon the graduates began to cast its shadow upon the institution itself.

From year to year there was an increasing number of those who repaired to different colleges to finish their education, not because of any superior advantages to be enjoyed there, but simply that they might graduate from institutions having the title as well as the functions of a college. It, therefore, became a general conviction among our graduates and students that it would be an act of policy as well as of justice to give the institution the name to which it was fairly entitled, both by its course of study and by the act of the Legislature empowering it to confer collegiate degrees.

Such, we believe, was also the sentiment of the most enlightened friends of education, who had become acquainted with the character of the Free Academy and the thorough training of its graduates in the liberal arts and sciences. For these reasons, on the recommendation of the Board of Education, the Legislature changed the name to that of "THE COLLEGE OF THE CITY OF NEW YORK," by the following Act, passed March 30, 1866:

AN ACT to erect the "Free Academy of the City of New York" into a College.

The People of the State of New York, represented in Senate and Assembly, do enact as follows :

SECTION 1. The Free Academy in the City of New York, heretofore established, under the authority of law, by the Board of Education of the City and County of New York, and now under the supervision, management and government of the said Board of Education, shall henceforth be a separate and distinct organization and body corporate, and be known as "The College of

the City of New York," and as such shall have the powers and privileges of a college, pursuant to the Revised Statutes of this State, and be subject to the provisions of the said statutes relative to colleges, and to the visitation of the Regents of the University, in like manner with the other colleges of the State.

SEC. 2. The members of the Board of Education shall be *ex-officio* the Trustees of said College, and shall have and possess the powers conferred upon, and be subject to the duties required of, the trustees of colleges by the Revised Statutes.

SEC. 3. All acts of the Legislature now in force in regard to the said Free Academy, and to its control, management, support, and affairs, and which are not inconsistent with the foregoing provisions of this Act, shall continue in force, and are hereby declared to be applicable to the College hereby incorporated as aforesaid.

SEC. 4. This act shall take effect on the 1st day of May next.

Requisitions of Admission.

The examination of candidates for admission takes place immediately after the general examination in June. No student can be admitted to the College unless he resides in the city, be fourteen years of age, have attended the common schools in the city twelve months, and pass a good examination in

Spelling,	Algebra, as far as quadratic
Reading,	equations, inclusive,
Writing,	Geography,
English Grammar,	History of the United States,
Arithmetic,	Elementary Book-keeping.

No candidate can be examined for admission unless he present to the President of the College a certificate in the form prepared by the Executive Committee, signed by the Principals of the schools of which he has been a member, and specifying the age of the candidate, the grammar schools of this city which he has attended, the dates and the length of time of his attendance in each.

At either of the regular examinations candidates may be admitted to any class, to pursue the studies of any one or more departments, provided they shall have attended the grammar schools the requisite period—shall be of the proper age—shall pass the proper examination for admission, and also an examination satisfactory to the Faculty, in the previous studies of the class or departments to which they wish to be admitted.

No person is allowed to be present at the examination for admission except the instructors in the College and the members of the Board of Trustees; neither the names of the candidates nor the schools from which they are sent are made known to the instructors conducting the examinations, but each candidate is designated, during examination, by a number given to him on a card by the President. Only the names of such as have passed a good examination are afterwards ascertained, in order to be inscribed on the rolls of the College.

Candidates for admission to the Freshman Class must be fifteen years of age, and must pass an examination in the studies pursued by the Introductory Class, in addition to the usual examination for admission.

The choice of each student as to the course of studies he intends to pursue must be made in writing at the time of his admission, and registered and filed at the College. It must be made by the parent or guardian, or by the parent or guardian be submitted in writing to the discretion of the Faculty. It is important that the subject be carefully considered before the selection is made, as, from considerations of advantage to the student, as well as from a proper regard for the orderly working and discipline of the institution, when once commenced, the same course must be pursued as long as the student remains in the College.

Every student admitted into the College receives a certificate

thereof, stating that on leaving the institution with a good character, after one year, he shall receive another certificate or diploma, stating the period he has been in the College, and the studies there pursued by him, provided he shall have satisfactorily accounted for all the books and other property committed to him; but no student shall receive a certificate of dismissal if he be dismissed for misconduct; and in each certificate it shall be stated that the recipient is furnished with a statement of his standing in the College, as it appears on the records, during his whole connection with the institution. If a student absents himself for two weeks without obtaining permission, his name is stricken from the rolls, and he loses his right to a certificate of good standing on leaving the institution.

Discipline.

The rules of conduct are but few, and laid down in view of securing prompt attention to duty and correct behavior. Any infraction of these rules involves punishment, which, according to the offence, consists of demerit-marks, private admonition, admonition by the President in the presence of the section and of the instructor in the recitation-room, suspension by the direction of the President, public admonition by the President in presence of all the students at roll-call, final admonition by the President in a meeting of the Faculty, and dismissal for misconduct, the latter to be directed by a vote of the Faculty.

Every violation of the rules is recorded in the *Book of Discipline*, together with the degree of punishment inflicted, and the amount of demerits received. No student is demerited without receiving notice of the fact and the cause.

Terms, Vacations, etc.

The classes are annual, and each year is divided into two terms.

There are three vacations in each Collegiate year—the summer vacation, from July 3d to the third Wednesday in September; the winter vacation, from the 25th day of December to the 2d day of January, inclusive; and the spring vacation, the week including the first of May. There are no college exercises on Saturday, on the day celebrated as the Anniversary of American Independence, on the 22d day of February, and on Thanksgiving Day. The first Collegiate Term commences at the end of the summer vacation, and the second at the end of the first examination.

The exercises, during term-time, begin at 9 A. M., and continue until all the classes are heard. The doors are closed for roll-call at precisely fifteen minutes before 9 o'clock, when all the students are to be in their seats in the Chapel, and all the instructors in attendance.

Examinations.

There are two public examinations during the Collegiate year. The first commences on the first Monday of February, the second on the third Monday before Commencement, each continuing eight days. The examinations are conducted by the officer in charge of each study, and no student is allowed to advance to the next class without being found qualified for such advancement. If any student shall, in any of his studies, have made so little progress as to be unqualified for advancement two successive years, his name is stricken from the rolls of the College.

Merit-Roll.

The Merit Roll is made up immediately after each examination. On this roll each student is ranked according to his standing in his class, indicated by the amount of merit-marks received during the term, for conduct, recitations and examinations. The roll is divided into four categories—Highest, High, Good and Low.

The student who has the highest number of marks in his class ranks Highest.

All students rank High, the total of whose marks in study and conduct together equals the maximum of conduct, plus nine-tenths of the maximum of study.

All students rank Good, the total of whose marks equals the maximum of conduct, plus six-tenths of the maximum of study.

And all students, the total of whose marks fall below this last sum, rank Low.

The maximum of merit in any study or exercise is ascertained by multiplying the whole number of exercises of the class during term-time by ten, which is the maximum of merit in each recitation.

The maximum of merit in any examination is ascertained by multiplying the number of recitations per week in each subject by one hundred.

The maximum of conduct is ascertained by multiplying the whole number of collegiate days by ten, and the rate of conduct is ascertained by deducting from such maximum all demerit-marks.

The Merit-Roll is signed by the President, and, after being printed by the Executive Committee, is sent to the parents or guardians of every student.

Junior Exhibition.

On the evening of the last Friday of the examination in February, the exhibition of the Junior Class is held, at which time there is public speaking of original compositions by members of that class; they are appointed by the Faculty in November of each year, from among those whose standing in the last preceding Merit-Roll is not lower than "Good," and who have not received seventy-five demerit-marks during the second term of the Sophomore, nor forty demerit-marks during the first term of the Junior year, up to the day of appointment.

Degrees.

The Board of Trustees is authorized by law to confer the usual Collegiate Degrees, on the recommendation of the Faculty. The degrees are, *Bachelor of Arts*, for those who have pursued a full course with ancient languages; *Bachelor of Sciences*, for those who have pursued a full course with modern languages; and the degrees of *Master of Arts* and *Master of Sciences*.

The Faculty recommend no one as a candidate for either degree whose average standing in any study of the Senior year has fallen below seven-tenths of the maximum. Each member of the graduating class is required to write a composition for oral delivery, to be sent in four weeks before Commencement. Orations and dissertations written for this occasion are not to exceed seven minutes each in length, with the exception of the Valedictory and Salutatory Orations, which may be extended to ten minutes.

A Bachelor of Arts or of Sciences, of three years' standing, may be admitted to the degree of *Master of Arts*, or to that of

Master of Sciences, provided he show, to the satisfaction of the Faculty, that in the interval he has been engaged in some literary or scientific pursuit, and has sustained a good moral character; application to be made either personally or by letter, at least one month before Commencement, accompanied by an original paper on any subject, and certified under his own hand to be his own composition, written within six months before his application.

Commencement.

The Commencement of the College is held on the Thursday preceding the 1st of July in each year, at a place provided by the Executive Committee.

The performances of the graduating class on Commencement Day are eight orations, and no less than eight, nor more than twelve, dissertations. Of the orations, the Valedictory is the highest honor of that nature in the gift of the College, and is assigned to the student who stands highest on the Merit-Roll reckoning from the beginning of the Freshman year. The Salutatory Oration is the second honor, and is given to the student who ranks second on the Merit-Roll. The six remaining orations constitute the third, fourth, fifth, sixth, seventh and eighth honors, and are given to the students who rank from third to Eighth on the Merit-Roll. The dissertations are given to such other students in the graduating class as particularly excel in rhetorical merit. There is also a Master's Oration, pronounced by one of the candidates for that degree, appointed by the Faculty.

After the exercises of the graduating class the distribution of the diplomas takes place, and also that of the various prizes hereafter described.

Medals.

The Pell Medal.

In 1849 Duncan C. Pell, Esq., placed in the hands of Trustees \$500, to be invested, and the income to be applied annually, forever, to procure a gold medal, to be awarded by them to the student in the College who shall have made the greatest proficiency in his general studies during the year.

In 1856 the above-named donor, by a deed of trust, authorized the Trustees of the said Fund, if to them it should appear expedient, to devote a portion of the income of the Fund to the procuring of a *silver medal*, to be awarded to the student who shall rank second in general proficiency during the year.

Present Trustees of the Fund.

RICHARD L. LARREMORE, Esq.

HORACE WEBSTER, LL. D.

SHEPHERD KNAPP, Esq.

The Burr Medal.

In 1850 Edwin Burr, Esq., created a similar trust for a gold medal, to be awarded annually, forever, to the best mathematician in the highest class in the College.

In 1856 a similar trust was created for procuring a silver medal, to be awarded upon the same terms as the foregoing.

Present Trustees of the Fund.

The Cromwell Medal.

In 1850 Charles T. Cromwell, Esq., created a similar trust for a gold medal, to be awarded by the Trustees annually, forever, to the best scholar in History and Belles-Lettres in the College.

In 1856 a similar trust was created for procuring a similar medal, to be awarded upon the same terms as the foregoing.

Present Trustees of the Fund.

HORACE WEBSTER, LL.D.

CHARLES EDWARD ANTHON, LL.D.

ERASTUS C. BENEDICT, LL.D.

The Ward Medals.

In 1853 Augustus H. Ward, by a deed of trust to the Executive Committee and the President of the College, and their successors in office, established the Ward Medals, viz., twenty bronze medals, to be awarded annually, at the Commencement, one for each of the subjects mentioned, to the student who shall have made the most proficiency therein, provided he shall have regularly pursued such study for not less than two months of the Collegiate year then closing—a student gaining one medal not to be precluded from obtaining others at the same or subsequent examinations.

The Riggs Medals.

In July, 1864, Elisha Riggs, Esq., by a donation of one thousand dollars in United States Securities, established a fund to be administered by Trustees, the annual income of which shall be forever devoted to the providing of a gold medal, to be annually awarded to the author of the best English prose composition in the Senior Class of the Collegiate year then terminating; and of a similar gold medal, to be so awarded, to the author of the best English prose composition in the Junior Class of the same year; any surplus of income to be applied by the Trustees to further in any way they may think best, the design of the donor to stimulate the cultivation of English composition in the College of the City of New York.

Present Trustees of the Riggs Medals.

HORACE WEBSTER, LL. D.
 CHARLES EDWARD ANTHON, LL. D.
 REV. JOHN GRAEFF BARTON, A. M.

The Kelly Medals.

In 1868 James Kelly, Esq., placed in the hands of the Board of Trustees of the College one thousand dollars to be invested, and the annual income thereof forever devoted to the providing of two gold medals, to be awarded as prizes for excellence in debating, and designated as the first and second Kelly medals. The speakers contending for these medals are chosen by the two literary societies, three from each society, and the six so

chosen are the only competitors. The President of the Board of Trustees selects the subject and submits it to the Faculty for approval.

The debate is held at a time and place designated by the Executive Committee, and the medals are awarded by a committee of gentlemen appointed by the chairman of the Board of Trustees, and having no connection with the College.

Prizes for Declamation.

Prose

In 1852 the President of the Board of Education offered a prize for excellence in *public speaking*, to be called the "PRIZE OF THE PRESIDENT OF THE BOARD OF TRUSTEES." The speakers contending for this prize are chosen by ballot from the three higher classes, two from each class, by their classmates, and the six so chosen are the only competitors for the prize. They speak selected pieces, and the speaking forms a part of the preliminary proceedings of Commencement; the prize is awarded by a committee of gentlemen having no relation to the College, selected by the donor. The award is announced on Commencement day.

The successive Presidents of the Board have offered prizes in accordance with the foregoing conditions.

Poetry.

In 1855 a gentleman of this city offered a "Prize to the best Declaimer of a Selected Poem," the competitors to be selected, one from each of the three higher classes, by the students of said classes respectively; the exercises to form a part of the Commencement, and to take place at the same time as the speaking for the "Prize of the President of the Board of Trustees,"

and the award to be made by the committee designated to confer the prize in prose speaking, and at the same time and place.

These exercises in declamation are usually held on Friday preceding Commencement.

Prize for Translation from French.

In 1857 a gentlemen offered an annual prize for the best translation from French into English. The translators contending for the prize are elected by ballot from and by the students in the three higher classes who have studied French in the College, two from each class, and the six so chosen are the only competitors for the prize. The translation is made after the summer examination, on a day appointed by the President and within a given time, not exceeding three hours. The passage is selected by the professor of French, and the merit of the translation is judged by its excellence both in interpreting the foreign text and in the use of good idiomatic English; the former point being decided by the Professor of French, the latter by the Professor of English. These two Professors form the Committee of Award, together with the President, to whome they report, according to a scale of merit previously agreed upon, and from an addition of such reports the name of the successful competitor is ascertained. Each translation has appended an assumed name or motto, and a sealed letter bearing the name or motto and containing the true name of the translator is left with the President.

Course of Studies.

The entire course embraces a period of five years, of two terms each year, and its details are exhibited in Schedule A, which also indicates the time devoted to the study of each subject. The full course is the same for all students, and comprises either Ancient or Modern Languages, under the following regulations, viz.:

1. A *full course*, with Modern Languages, includes French, Spanish and German.

2. A *full course*, with Ancient Languages, includes Latin, Greek, and, in the senior year, any one of the above three Modern Languages.

3. Students unable to follow a full course, or desirous of perfecting themselves in any particular branch of knowledge, may enter in *partial course*, which embraces any studies less than either of the full courses.

Laboratory.

The Laboratory of the College is well provided with the necessary apparatus of glass and porcelain, and with an extensive suit of chemical preparations, to which additions are constantly being made by the professor having charge of the Department. The Physical Cabinet is also large, and contains most of the best French and German instruments, imported expressly for the College.

Cabinets of Chemical and Physical Apparatus.

The apparatus of the College consists of French, German, English and American instruments to illustrate the subjects of Surveying, Navigation, Mechanics, Sound, Light, Heat, Electricity and Magnetism. The subject of Civil Engineering is illustrated by models of Oblique Bridges, Groined Arches, and Spiral Staircases and Fortifications.

Cabinet of Natural History.

The department of Natural History is provided with a Cabinet of Geological, Mineralogical and Conchological specimens, the last presented by Townsend Harris, Esq.

There is also a fine and large collection of Corals, principally from the Florida Reefs, which was presented to the College by Major Walter McFarland, U. S. Engineers, formerly a student in the institution.

The subject of Physiology is illustrated by Skeletons, Manikins, etc.

Models and Casts.

The Drawing Department is furnished with the following classes of models and casts :

1. Models of Geometrical Solids.
2. Models of Mouldings.
3. Casts of Architectural Ornaments, of different styles.
4. Cast models of some orders of Architecture.
5. Busts. casts from Antiques, and Masks from Nature.
6. A selection of casts taken from Antique Sculptures of the Parthenon and the Temple of Minerva, in Athens—called “Elgin Marbles”—partly Bas-reliefs and High-reliefs, partly Statues. These were presented by Charles M. Leupp, Esq., of New York.
7. Different casts of Bas-reliefs, with Mythological Figures.
8. Different casts of Torsos and portions of the Human Figure, partly from Antiques, partly from later Sculptures.

Library.

The Library contains fifteen thousand volumes, consisting of valuable and well selected books, and is constantly increasing through additions from appropriations, and from donations by private citizens.

In 1852, Ephraim Holbrook, Esq., of this city, bequeathed the sum of five thousand dollars, to be applied, at a future period, to the purchase of books for the Library.

In 1857, Seth Grosvenor, Esq., of this city, bequeathed to the Board of Education the sum of thirty thousand dollars, to be permanently invested, and the income thereof to be expended, under certain conditions, in the purchase of books for the Library.

Extract from the By-Laws of the Board of Trustees concerning the Library of the College—1868.

§ 56. The President shall, at all times, have access to the Library, and shall, on application to the Librarian, be entitled to the free use thereof.

§ 57. The Professors and Tutors shall, at all times, on application to the Librarian, have access to the Library, and enjoy the right of taking books therefrom, provided no Professor have more than six, and no Tutor have more than three volumes belonging to the Library at any one time in his possession.

§ 58. The Students of the Senior, Junior, Sophomore, and Freshman Classes shall be entitled to the use of the Library, under the conditions hereafter mentioned.

§ 59. The Library shall be opened to students every alternate Friday throughout the collegiate term, from half-past eight to nine o'clock, A. M., for the return of books, and from ten A. M. to one P. M., for the delivery of books; and it shall be the duty of the Librarian to be in the Library at those times.

§ 60. Students shall make application for books in the following manner:

a. The Librarian will furnish blank certificates, in form as follows:

[*Space for date.*]

[*Space for Name, Class, and Section*] having, during the past two weeks, obtained the Library average (0.75) for scholarship in my department, and

having received no mark of demerit for misconduct, and having been punctual in attendance, is declared to be entitled to the use of the Library, provided no objection exist on other grounds.

[*Space for Signature.*] [*Space for Signature.*] [*Space for Signature.*]

b. The above certificate, dated the previous afternoon, and signed by at least three of the Professors or Tutors whose recitations the student may have attended during the preceding two weeks, must be handed to the Librarian at the stated time on Friday morning, together with any book belonging to the Library which the applicant may have drawn therefrom.

c. On the back of this certificate, thus dated and signed, the applicant will inscribe, in the order of his preference, the titles of any books which he may desire. He shall be entitled to the first in order not in use, unless its removal from the Library be forbidden; BUT IN NO CASE SHALL ANY STUDENT HAVE MORE THAN ONE VOLUME BELONGING TO THE LIBRARY AT ONE TIME IN HIS POSSESSION.

d. The books thus applied for, having been selected and recorded by the Librarian during the day, will be delivered to the applicants on the following Friday.

§ 61. No book shall be taken from the Library, UNDER ANY PRETENSE, BY ANY PERSON, without the authority of the Librarian, and every book taken shall be duly recorded in a register provided for that purpose.

§ 62. No book shall be retained by any instructor or student for a longer period than two weeks, without renewal, except books of reference used by an instructor in his recitation-room. All books shall be returned one week before the end of the term.

§ 63. Should any student wish the renewal of a book already in his possession, he must fulfil every requirement of the 46th section exactly as if he desired another book; and should any application have been made for it in the meantime, his right thereto shall cease.

§ 64. The penalties for defacing, mutilating, or losing books belonging to the Library shall, in the case of students, be as follows:

a. For defacing a book, suspension from the use of the Library for not less than one month, nor more than three months, at the discretion of the Librarian, or until the injury be repaired.

b. For mutilating or losing a book, complete restriction from the use of the Library until the book be replaced, rebound, or repaired, as the Librarian may require.

§ 65. Any book delivered to any student or instructor, whether text book, book of reference, or Library book, shall constitute a charge against him of

the cost of the book, to be paid by him unless it be returned in good condition, or its loss or injury be satisfactorily accounted for to the Librarian; AND IN CASE OF A STUDENT, UNLESS THE SAME BE PAID FOR OR REPLACED WITHOUT DELAY, HE SHALL BE DISMISSED FROM THE COLLEGE. In cases of gross carelessness or wanton injury of the books, punishment shall be inflicted in addition to reparation.

§ 66. The Librarian shall report to the Executive Committee, at the end of each term, the condition of the Library, the books injured or lost, and the persons by whom they were lost or injured.

Literary Societies.

Two Literary Societies, the CLIONIAN and PHRENOCOSMIAN, are connected with the College. They were established for a kindred purpose—the cultivation of the arts of composition, oratory, and debate, and the promotion of a friendly intercourse between students. The students of the four collegiate classes, as well as resident graduates, are eligible to regular membership.

The faculty are *ex officio* honorary members of the societies.

The meetings are weekly during the collegiate year. The exercises consist of the reading of an essay, the delivery of an oration, and the debate of a question previously appointed. A magazine is also read at intervals, to which the members contribute anonymously, articles of a lighter nature than the essays. The libraries, containing many valuable books, are in two of the side-rooms of the chapel, and are open to the members on Friday afternoons.

The Associate Alumni.

This association consists of the graduates of the institution. Its regular meetings are held in the College building, annually, on the day after Commencement.

The following are the officers for the present year:

President—WILLAM MELLIN BANKS.

Vice-President—FRDERICK J. DE PEYSTER.

Aid Fund.

In 1857 the association established a fund for the purpose of assisting such students as might otherwise find difficulty in completing their collegiate course. This fund is maintained by contributions from the Alumni. The management of the fund is committed to five trustees, who loan, without interest, such sums as they think proper to deserving students; and neither the names of those to whom the loans are made nor the amounts of the loans are known to any but the trustees and the auditors of the fund.

The following are the present trustees, to whom applications may be made :

JAMES GODWIN.....	At the College.
JOHN HARDY.....	243 Broadway.
ALFRED G. COMPTON.....	At the College.
CHARLES L. HOLT.....	188 Front street.
EVERETT P. WHEELER.....	205 Broadway.

According to a resolution of the Associate Alumni, adopted at their meeting in July, 1858, a committee of fifteen is appointed by the President at each annual meeting to attend the examinations at the College during the year immediately following its appointment. The committee reports to the Alumni at the next annual meeting.

The present committee consists of the following Alumni :

Meetings, etc.

Stated meetings of the Board of Trustees are held on the third Wednesday in January, April, July, and October. Other meetings are held by adjournment, on the call of the Chairman, or on the written requisition of four members. The meetings are held at the Hall of the Board of Education, at 4 o'clock in the afternoon.

The Executive Committee for the Care, Government and Management of the College, meets on Monday preceding the regular meetings of the Board, at the Hall of the Board, at 4 P. M.

The Faculty meets during term time semi-monthly, after collegiate hours.

Communications to the Board of Trustees are sent directly. Communications from the College to the Executive Committee must be forwarded through the Faculty, and entered in their minutes. To prevent delay in transmission, such communications should be left with the President of the Faculty at least an hour before the meetings.

Office of the Chairman of the Board of Trustees at the Hall of the Board of Education. Office hours from 9 to 10 A. M.

Office of the Secretary of the Board of Trustees at the Hall of the Board of Education, corner of Grand and Elm streets. Office hours from 9 A. M. to 4 P. M.

THE COLLEGE.

THE College of the City of New York, originally entitled the Free Academy, was established in 1848, by the Board of Education of the City of New York, in pursuance of an Act of the Legislature of the State, passed May 7, 1847. In the year 1854, the Legislature passed a law endowing the Institution with full Collegiate powers and privileges, so far as pertained to the conferring upon its graduates the usual Collegiate degrees and diplomas in the Arts and Sciences. In the year 1866, on the recommendation of the Board of Education, and for the purpose of giving a fuller development to its usefulness, the Legislature of the State, by an Act passed March 30, changed the name to that of "THE COLLEGE OF THE CITY OF NEW YORK," and conferred on the Institution all "the powers and privileges of a College, pursuant to the Revised Statutes of the State," thus rendering it "subject to the provisions of the said Statutes relative to Colleges, and to the visitation of the Regents of the University, in like manner with the other Colleges of the State."

REQUISITES FOR ADMISSION.

The examination of candidates for admission takes place immediately after the general examination in June. No student can be admitted into the College unless he resides in

the city, has attended the common schools in the city twelve months, and passes a good examination in

Spelling,	Geography,
Reading,	Arithmetic,
Writing,	Algebra, as far as Quadratic
English Grammar,	Equations.
History of the United States,	

No candidate can be examined for admission unless he presents to the President of the College a certificate in the form prepared by the Executive Committee, signed by the Principal of the school of which he has been a member, and specifying the age of the candidate, the grammar school or schools of this city which he has attended, and the dates and length of time of his attendance in such school or schools.

At either of the regular examinations candidates may be admitted to any class, to pursue the studies of any one or more departments, provided they shall have attended the grammar schools the requisite period, shall pass the proper examination for admission, and also an examination satisfactory to the Faculty, in the previous studies of the class or departments to which they wish to be admitted.

No person is allowed to be present at the examination for admission except the Instructors in the College and the members of the Board of Trustees; neither the names of the candidates nor the schools from which they are sent are made known to the Instructors conducting the examinations, but each candidate is designated, during examination, by a number assigned to him by the President. Only the names of such as have passed a good examination for admission on probation, and have for eight weeks shown the ability and desire to improve, are inscribed on the rolls of the College.

The choice of each student as to the course of studies he intends to pursue must be made in writing at the time of his admission, and registered and filed at the College. It must be made by the parent or guardian, or by the parent or guardian be submitted in writing to the discretion of the Faculty. It is important that the subject be carefully considered before the selection is made, as, from considerations of advantage to the student, as well as from a proper regard for the orderly working and discipline of the Institution, when once commenced, the same course must be pursued as long as the student remains in the College.

Every student admitted into the College receives a certificate thereof. If he leave the Institution after one year, with a good character, he shall receive another certificate or diploma, stating the period he has been in the College, and the studies there pursued by him, provided he shall have satisfactorily accounted for all the books and other property committed to him; but no student shall receive a certificate of dismissal if he be dismissed for misconduct. If a student absents himself for two weeks without obtaining permission, his name is stricken from the rolls, and he loses his right to a certificate of good standing on leaving the Institution.

DISCIPLINE.

The rules of conduct are but few, and laid down in view of securing prompt attention to duty and correct behavior. Any infraction of these rules involves punishment, which, according to the offence, consists of demerit-marks, private admonition, admonition by the President in the presence of the section and of the Instructor in the recitation-room, suspension by the direction of the President, public admonition by the President in presence of all the students at roll-call,

final admonition by the President in a meeting of the Faculty, and dismissal for misconduct, the latter to be directed by a vote of the Faculty.

Every violation of the rules is recorded in the *Book of Discipline*, together with the degree of punishment inflicted, and the amount of demerits received. No student is demerited without receiving notice of the fact and the cause.

TERMS, VACATIONS, ETC.

The classes are annual, and each year is divided into two terms.

There are three vacations in each Collegiate year—the summer vacation, from July 3d to the third Wednesday in September; the winter vacation, from the 25th day of December to the 2d day of January, inclusive; and the spring vacation, the week including the first of May. There are no College exercises on Saturday, on the day celebrated as the Anniversary of American Independence, on the 22d day of February, on Thanksgiving Day, on Good Friday, or on any Friday immediately following a legal holiday. The first Collegiate term commences at the end of the summer vacation, and the second at the end of the first examination.

The exercises, during term-time, begin at 9 A.M., and continue until all the classes are heard. The doors are closed for roll-call at precisely fifteen minutes before 9 o'clock, when all the students are to be in their seats in the Chapel, and all the Instructors in attendance. During the months of December, January, February, and March, the exercises begin half an hour later.

EXAMINATIONS.

There are two public examinations during the Collegiate year. The first commences on the first Monday of February, the second on the third Monday before Commencement, each continuing eight days. The examinations are conducted by the officer in charge of each study, and no student is allowed to advance to the next class without being found qualified for such advancement. If any student shall, in any of his studies, have made so little progress as to be unqualified for advancement two successive years, his name is stricken from the rolls of the College.

MERIT-ROLL.

The Merit-Roll is made up immediately after each examination. On this roll each student is ranked according to his standing in his class, indicated by the amount of merit-marks received during the term for conduct and examinations. The Roll is divided into four categories—Highest, High, Good, and Low.

The examination maximum in each subject is ascertained by multiplying the number of recitations a week in that subject by one hundred.

The maximum of conduct shall be two hundred, and the conduct-mark of each student shall be determined by deducting from such maximum all his demerit marks.

On the Merit-Roll the students are classified as Highest, High, Good, and Low.

The student who has the highest number of marks in his class ranks Highest.

All students rank High the total of whose marks in study

and conduct together, equals the maximum for conduct plus nine-tenths of the maximum for examination.

All students rank Good the total of whose marks equals the maximum for conduct plus six-tenths of the maximum for examination.

The remaining students rank Low.

In the various studies, as well as on the general Merit-Roll, students who have equal marks are numbered the same; but the number of the one next below them is determined by the whole number above him in the class.

The Merit-Roll is signed by the President, and, after being printed by the Executive Committee, is sent to the parents or guardians of every student.

JUNIOR EXHIBITION.

On the evening of the last Friday of the examination in February, the exhibition of the Junior Class is held, at which time there is public speaking of original compositions by members of that class; they are appointed by the Faculty in November of each year, from among those whose standing in the last preceding Merit-Roll is not lower than "Good," and who have not received seventy-five demerit-marks during the second term of the Sophomore, nor forty demerit-marks during the first term of the Junior year, up to the day of appointment.

DEGREES.

The Board of Trustees is authorized by law to confer the usual Collegiate Degrees, on the recommendation of the Faculty. The degrees are *Bachelor of Arts*, for those who have pursued a full course with ancient languages; *Bachelor of Sciences*, for those who have pursued a full course with modern

languages ; and the degrees of *Master of Arts* and *Master of Sciences*.

The Faculty recommend no one as a candidate for either degree whose average standing in any study of the Senior year has fallen below seven-tenths of the maximum. Each member of the graduating class is required to write a composition for oral delivery, to be sent in four weeks before Commencement. Orations and dissertations written for this occasion are not to exceed seven minutes each in length, with the exception of the Valedictory and Salutatory Orations, which may be extended to ten minutes.

A Bachelor of Arts or of Sciences, of three years' standing, may be admitted to the degree of *Master of Arts*, or to that of *Master of Sciences*, provided he show, to the satisfaction of the Faculty, that in the interval he has been engaged in some literary or scientific pursuit, and has sustained a good moral character; application to be made either personally or by letter, at least one month before Commencement, accompanied by an original paper on any subject, and certified under his own hand to be his own composition, written within six months before his application.

COMMENCEMENT.

The Commencement of the College is held on the Thursday preceding the 1st of July in each year, at a place provided by the Executive Committee.

The performances of the graduating class on Commencement Day are eight orations ; and no less than eight, nor more than twelve, dissertations. Of the orations, the Valedictory is the highest honor of that nature in the gift of the College, and is assigned to the student who stands highest on the Merit-Roll reckoning from the beginning of the Freshman year. The Salutatory Oration is the second honor, and is given to the

student who ranks second on the Merit-Roll. The six remaining orations constitute the third, fourth, fifth, sixth, seventh and eighth honors, and are given to the students who rank from third to eighth on the Merit-Roll. The dissertations are given to such other students in the graduating class as particularly excel in rhetorical merit. There is also a Master's Oration, pronounced by one of the candidates for that degree, appointed by the Faculty.

Course of Study.

THE entire course embraces a period of five years, of two terms each year, and its details are exhibited on the pages immediately following, which also indicate the time devoted to the study of each subject. The full course is the same for all students, and comprises either Ancient or Modern Languages, under the following regulations, viz. :—

1. A *full course*, with Modern Languages, includes French, Spanish, and German.

2. A *full course*, with Ancient Languages, includes Latin, Greek, and, in the senior year, any one of the above three Modern Languages.

3. Students unable to follow a full course, or desirous of perfecting themselves in any particular branch of knowledge, may enter in *partial course*, which embraces any studies less than either of the full courses.

Lectures and Exercises.

As part of the course, lectures are delivered by the Professors in the various departments on the respective subjects of study.

Exercises in composition and declamation are required once a month from each student, and original declamations from the Students of the Senior and Junior Classes.

LABORATORY.

The Laboratory of the College is well provided with the necessary apparatus of glass and porcelain, and with an extensive suit of chemical preparations, to which additions are constantly being made by the Professor having charge of the Department. The Physical Cabinet is also large, and contains most of the best French and German instruments, imported expressly for the College.

CABINETS OF CHEMICAL AND PHYSICAL APPARATUS.

The apparatus of the College consists of French, German, English, and American instruments, to illustrate the subjects of Surveying, Navigation, Mechanics, Sound, Light, Heat, Electricity, and Magnetism. The subject of Civil Engineering is illustrated by models of Oblique Bridges, Groined Arches, and Spiral Staircases and Fortifications.

CABINET OF NATURAL HISTORY.

The department of Natural History is provided with a Cabinet of Geological, Mineralogical, and Conchological specimens, the last presented by Townsend Harris, Esq.

There is also a fine and large collection of Corals, principally from the Florida Reefs, which was presented to the College by Major Walter McFarland, U. S. Engineers, formerly a student in the Institution.

The subject of Physiology is illustrated by Skeletons, Manikins, etc.

MODELS AND CASTS.

The Drawing Department is furnished with the following classes of models and casts:

1. Models of Geometrical Solids.

2. Models of Mouldings.
3. Casts of Architectural Ornaments, of different styles.
4. Cast models of some orders of Architecture.
5. Busts, casts from Antiques, and Masks from Nature.
6. A selection of casts taken from Antique Sculptures of the Parthenon or Temple of Minerva, in Athens, —called“ Elgin Marbles ”—partly Bas-reliefs and High-reliefs, partly Statues. These were presented by Charles M. Leupp, Esq., of New York.
7. Different casts of Bas-reliefs, with Mythological Figures.
8. Different casts of Torsos and portions of the Human Figure, partly from Antiques, partly from later Sculptures.

LIBRARY.

The Library contains eighteen thousand volumes, consisting of valuable and well selected books, and is constantly increasing through additions from appropriations, and from donations by private citizens.

In 1852, Ephraim Holbrook, Esq., of this city, bequeathed the sum of five thousand dollars, to be applied, at a future period, to the purchase of books for the Library.

In 1857, Seth Grosvenor, Esq., of this city, bequeathed to the Board of Education the sum of thirty thousand dollars to be permanently invested, and the income thereof to be expended, under certain conditions, in the purchase of books for the Library.

RULES AND REGULATIONS.

The President shall at all times have access to the library, and shall, on application to the librarian, be entitled to the free use thereof.

The professors and tutors shall, at all times, on application to the librarian, have access to the library and enjoy the right of taking books therefrom, provided no professor have more than six, and no tutor have more than three volumes belonging to the library at any one time in his possession, unless by permission of the President.

The students of the Senior, Junior, Sophomore, and Freshman Classes shall be entitled to the use of the library under such conditions as may be imposed by the President.

The library shall be opened to students, for the return and delivery of books at such times as may be prescribed by the President.

No books shall be taken from the library UNDER ANY PRETENCE, BY ANY PERSON, without the authority of the librarian, and every book taken shall be duly recorded in a register provided for that purpose.

No book shall be retained by any instructor or student for a longer period than two weeks, without renewal, except the books of reference, used by an instructor in his recitation room. All books shall be returned one week before the end of the term.

Should any student wish the renewal of a book already in his possession, he must make application exactly as if he desired another book, and should any application have been made for it in the mean time, his right thereto shall cease.

LITERARY SOCIETIES.

Two Literary Societies, the CLIONIAN and PHRENOCOSMIAN, are connected with the College. They were established for a kindred purpose—the cultivation of the arts of composition, oratory, and debate, and the promotion of a friendly intercourse between students. The students of the four collegiate classes, as well as resident graduates, are eligible to regular membership.

The faculty are *ex officio* honorary members of the societies.

The meetings are weekly during the collegiate year. The exercises consist of the reading of an essay, the delivery of an oration, and the debate of a question previously appointed. A magazine is also read at intervals, to which the members contribute, anonymously, articles of a lighter nature than the essays. The libraries, containing many valuable books, are in two of the side-rooms of the Chapel, and are open to the members on Friday afternoons.

AID FUND.

In 1857, the Association established a fund for the purpose of assisting such students as might otherwise find difficulty in

completing their Collegiate course. This fund is maintained by contributions from the Alumni. The management of the fund is committed to five trustees, who loan, without interest, such sums as they think proper to deserving students; and neither the names of those to whom the loans are made nor the amounts of the loans are known to any but the trustees and the auditors of the fund.

The following are the present trustees, to whom applications may be made :

JOHN HARDY.....	243 Broadway.
ALFRED G. COMPTON.....	At the College.
CHARLES L. HOLT.....	188 Front street.
EVERETT P. WHEELER.....	205 Broadway.
JAMES GODWIN.....	At the College.

According to a resolution of the Associate Alumni, adopted at their meeting in July, 1858, a Committee of fifteen is appointed by the President at each annual meeting to attend the examinations at the College during the year immediately following its appointment. The Committee reports to the Alumni at the next annual meeting.

The present Committee consists of the following Alumni :

JOSEPH KOCH, Chairman.

THORNDYKE SAUNDERS,	SIEGMUND SPINGARN,

Prizemen.

AT COMMENCEMENT, JUNE 30TH, 1870.

The following medals and prizes were awarded at the Commencement, June 30th 1870, upon the terms and conditions as required by the donors thereof, as follows :

MEDALS.

The Pell Medal.

In 1849 Duncan C. Pell, Esq., placed in the hands of Trustees \$500, to be invested, and the income to be applied annually, forever, to procure a gold medal, to be awarded by them to the student in the College who shall have made the greatest proficiency in his general studies during the year.

In 1856 the above-named donor, by a deed of trust, authorized the Trustees of the said Fund, if to them it should appear expedient, to devote a portion of the income of the Fund to the procuring of a *silver medal*, to be awarded to the student who shall rank second in general proficiency during the year.

Present Trustees of the Fund.

RICHARD L. LARREMORE, Esq.

ALEXANDER S. WEBB, LL.D.

SHEPHERD KNAPP, Esq.

First Prize, Gold Medal.

TO JOHN HAMPDEN DOUGHERTY, of the Junior Class.

The Kelly Medals.

In 1868 James Kelly, Esq., placed in the hands of the Board of Trustees of the College one thousand dollars to be invested, and the annual income thereof forever devoted to the providing of two gold medals, to be awarded as prizes for excellence in debating, and designated as the first and second Kelly medals. The speakers contending for these medals are chosen by the two literary societies, three from each society, and the six so chosen are the only competitors. The President of the Board of Trustees selects the subject and submits it to the Faculty for approval.

The debate is held at a time and place designated by the Executive Committee, and the medals are awarded by a committee of gentlemen appointed by the chairman of the Board of Trustees, and having no connection with the College.

Awarded as follows :

First—To CHARLES BARNUM JESSUP, of the Phrenocosmian Society.

Second—To GRAHAM MCADAM, of the Clonian Society.

PRIZES FOR DECLAMATION.

PROSE.

In 1852, the President of the Board of Education offered a prize for excellence in *public speaking*, to be called the “PRIZE OF THE PRESIDENT OF THE BOARD OF TRUSTEES.” The speakers contending for this prize are chosen by ballot from the three higher classes, two from each class, by their classmates, and the six so chosen are the only competitors for the prize. They speak selected pieces, and the speaking forms a part of the preliminary proceedings of Commencement; the prize is awarded by a committee of gentlemen having no relation to the College, selected by the donor. The award is announced on Commencement day.

The successive Presidents of the Board have offered prizes in accordance with the foregoing conditions.

This prize was awarded by the Committee on Prize Speaking
To NATHAN CLARK, Jr., of the Senior Class, a Copy of Speeches of
Edmund Burke.

POETRY.

In 1855, a gentleman of this city offered a “Prize to the best Declaimer of a Selected Poem,” the competitors to be selected, one from each of the three higher classes, by the students of said classes respectively; the exercises to form a part of the Commencement, and to take place at the same time as the speaking for the “Prize of the President of the Board of Trustees,” and the award to be made by the committee designated to confer the prize in prose speaking, and at the same time and place.

These exercises in declamation are usually held on Friday preceding Commencement.

This prize was awarded

TO ABRAHAM PHILIP ZEMANSKY, of the Junior Class, a Copy of Percy's
Reliques of Ancient English Poetry.

PRIZE FOR TRANSLATION FROM FRENCH.

In 1857, Mr. George R. Lockwood offered an annual prize for the best translation from French into English. The translators contending for the prize are elected by ballot from and by the students in the three higher classes who have studied French in the College, two from each class, and the six so chosen are the only competitors for the prize. The translation is made after the summer examination, on a day appointed by the President, and within a given time, not exceeding three hours. The passage is selected by the professor of French, and the merit of the translation is judged by its excellence both in interpreting the foreign text and in the use of good idiomatic English; the former point being decided by the Professor of French, the latter by the Professor of English. These two Professors form the Committee of Award, together with the President, to whom they report, according to a scale of merit previously agreed upon, and from an addition of such reports the name of the successful competitor is ascertained. Each translation has appended an assumed name or motto, and a sealed letter bearing the name or motto and containing the true name of the translator is left with the President.

This prize was awarded

TO CHARLES E. LYDECKER, of the Junior Class, a Copy of *Fables de La Fontaine*.

Additional prizes were awarded by Professor R. Ogden Doremus, as follows :—

THE COLLEGE.

The College of the City of New York, originally entitled the Free Academy, was established in 1848, by the Board of Education of the City of New York, in pursuance of an Act of the Legislature of the State, passed May 7, 1847. In the year 1854, the Legislature passed a law endowing the Institution with full Collegiate powers and privileges, so far as pertained to the conferring upon its graduates the usual Collegiate degrees and diplomas in the Arts and Sciences. In the year 1866, on the recommendation of the Board of Education, the Legislature of the State, by an act passed March 30, changed the name to that of "*The College of the City of New York*," and conferred on the institution the powers and privileges of a College, pursuant to the Revised Statutes of the State, rendering it subject to the provisions of the said Statutes relative to Colleges, and to the visitation of the Regents of the University, in like manner with the other Colleges of the State, and making the members of the Board of Education *ex officio* the Trustees of the College.

COURSE OF STUDY.

The entire course embraces a period of five years of two terms each, and provides for instruction in the branches necessary for the attainment of the degrees of *Bachelor of Arts and Bachelor of Sciences*. These are conferred on students who have completed a course of Collegiate training—*classical* or *scientific*—as prescribed by law. The details of these two courses of Study, together with the time devoted to each subject, are found on pages 14 and following.

In addition to the above, there is a Post Graduate Course of Civil Engineering (see page 25); and also a short Commercial Course for such students of the Introductory Class as may desire it, and intend to remain one year only (see page 30).

At the time of his admission, every student must present a written statement, made by his parent or guardian, of the course of study he intends to pursue. This statement is registered and filed at the College. A parent or guardian may, however, by a written request, delegate the selection of the course to the President or the Faculty.

The choice of the course of study should be most carefully considered beforehand, as a proper regard for the welfare of the student and for the settled order and discipline of the College necessarily forbids any subsequent change.

LECTURES AND EXERCISES.

As part of the Course, Lectures are delivered by the Professors in the various departments on the respective subjects of study.

Exercises in composition are required once a month from each student in the Freshman and Sophomore classes, and declamations from the students of the Sophomore class three times per year. Original declamations from the students of the Senior and Junior classes form a portion of the daily collegiate exercises.

Students in the Classical Course have the opportunity of studying the Calculus, if they desire it, omitting for the purpose three hours in the Junior Year from such studies as they may elect, other than the Latin and Greek.

REQUISITES FOR ADMISSION.

The examination of candidates for admission takes place immediately before the general examination in June. No student can be admitted to the College unless he resides in the city, has attended the common schools in the city one year, and passed a good examination in

SPELLING,

READING,

WRITING,

ENGLISH GRAMMAR,

ARITHMETIC,

ALGEBRA, as far as Quadratic

Equations,

GEOGRAPHY,

HISTORY OF THE UNITED STATES.

To be admitted to examination, candidates must present to the President of the College a certificate in due form, signed by the Principals of the schools which they have attended, and specifying the dates and the length of time of their attendance.

At either of the regular examinations, candidates may be admitted to any class, provided they have attended the grammar schools the requisite period, passed the proper examination for admission, and also an examination, satisfactory to the Faculty, in the previous studies of the class to which they wish to be admitted.

No person is allowed to be present at the examination for admission except the instructors in the College and the members of the Board of Trustees. Neither the names of the candidates, nor the schools

from which they are sent, are made known to the instructors conducting the examination, but each candidate is designated, during examination, by a number assigned to him by the President. Candidates who pass a good examination are admitted *on probation* for eight weeks, at the expiration of which those who have shown the ability to prosecute the prescribed studies receive a certificate to that effect, and have their names entered on the rolls of the College.

Every student on leaving the institution, after one year, with a good character, is entitled to a certificate, stating the period he has been in the College, and the studies there pursued by him, provided he has satisfactorily accounted for all the books and other property intrusted to him ; but no student shall receive such a certificate if he be dismissed for misconduct. If a student absent himself for two weeks without permission, his name is stricken from the rolls, and he loses his right to a certificate of good standing on leaving the institution.

DISCIPLINE.

The rules of conduct are few, and laid down in view of securing prompt attention to duty and correct behavior. Any infraction of these rules involves punishment, which, according to the offence, consists of demerit marks, private admonition, admonition by the President in the presence of the section and of the instructor in the recitation-room, suspension by the direction of the President, public admonition by the President in presence of all the students at roll-call, final admonition by the President in a meeting of the Faculty, and

dismissal for misconduct, the latter to be directed by a vote of the Faculty.

Every violation of the rules is recorded in the *Book of Discipline*, together with the degree of punishment inflicted, and the amount of demerits received. No student is demerited without receiving notice of the fact, and the cause.

TERMS, VACATIONS, ETC.

The classes are annual, and each year is divided into two terms.

There are three vacations in each Collegiate year,—the summer vacation, from the day after Commencement to the second Wednesday in September; the winter vacation, from the 25th day of December to the 2d day of January, inclusive; and the spring vacation, the week in which occurs the first day of May. There are no College exercises on Saturday, on the day celebrated as the Anniversary of American Independence, on the 22d day of February, Good Friday, on Thanksgiving Day, Election Day, Decoration Day, or on any Friday immediately following a legal holiday. The first Collegiate Term commences at the end of the summer vacation, and the second at the end of the first examination.

The exercises during term-time begin at 9 A. M., and continue until all the classes are heard. The doors are closed for roll-call at precisely fifteen minutes before nine o'clock, when all the students are to be in their seats in the chapel. During the months of December, January, February and March, the exercises MAY begin half an hour later.

EXAMINATIONS.

There is one public examination at the end of the Collegiate year. It commences so as to include the first week of June, and continues eight days. No student is allowed to advance to the next class unless found qualified for such advancement. And if a student shall, in any of his studies, have made so little progress as to be for two successive years unqualified for advancement, his name is stricken from the rolls of the College.

MERIT ROLL.

The Merit-Roll is made up immediately after the second examination, and is published once a year. On this roll each student is ranked according to his standing in his class, determined by the merit-marks received for study and conduct during the two terms and at the examinations.

The Merit-Roll maximum for each term in any subject is ascertained by multiplying the number of recitations a week in that subject by one hundred; two-fifths of this maximum is determined by the term work and three-fifths by examination.

The maximum of conduct for a term is two hundred, and the conduct mark of each student is determined by deducting from such maximum all his demerit marks.

On the Merit-Roll the students are classified as Highest, High, Good, and Low.

The student who has the greatest number of marks in his class ranks Highest.

Students rank High the total of whose marks in study and conduct together, equals nine-tenths of the maximum.

Students rank Good the total of whose marks equals six-tenths of the maximum.

The remaining students rank Low.

In the various studies, as well as on the general Merit-Roll, students who have equal marks are numbered the same; but the number of the one next below them is determined by the whole number above him in the class.

A Copy of the Merit-Roll is sent to the parent or guardian of each student.

JUNIOR EXHIBITION.

The Junior Exhibition takes place on the evening of the last Friday of the Winter examination. The exercises consist of the delivery of original addresses by members of the Junior Class, who are appointed by the Faculty in November of each year, from among those whose standing in the last preceding Merit Roll is not lower than "Good," and who have not received seventy-five demerit marks during the sec-

ond term of the Sophomore, nor forty demerit marks during the first term of the Junior year, up to the day of appointment.

DEGREES.

The Board of Trustees is authorized by law to confer the usual Collegiate Degrees, on the recommendation of the Faculty. The degree of *Bachelor of Arts* is conferred on those who have completed the Classical course ; that of *Bachelor of Sciences*, on those who have completed the Scientific course, as appointed by Law.

The Faculty recommend no one as a candidate for a degree whose average standing in the studies of the Senior year has fallen below six-tenths of the maximum. Each member of the graduating class is required to write a composition for oral delivery, to be sent in, four weeks before Commencement. Orations and dissertations written for this occasion are not to exceed seven minutes each in length, with the exception of the Valedictory and Salutatory Orations, which may be extended to ten minutes.

A Bachelor of Arts or Sciences, of three years' standing, may be admitted to the degree of Master of Arts, or to that of Master of Sciences, provided he shows to the satisfaction of the Faculty that in the interval he has sustained a good moral character, and has successfully pursued some literary or scientific study, which may be evidenced by the diploma of some literary or scientific institution, or by the notes prepared by him while pursuing a literary or scientific course of studies. Application must be made on or before the first

day of May, accompanied by an original thesis on a literary or scientific subject, and certified under the hand of the applicant to be the result of a regular course of study.

COMMENCEMENT.

The Commencement of the College is held on Thursday, preceding the first of July in each year.

The exercises of the graduating class on Commencement Day are five orations, and four dissertations. Of the orations, the Valedictory is the highest honor of that nature in the gift of the College, and is assigned to the student who stands highest on the Merit-Roll, reckoning from the beginning of the Freshman year. The Salutatory Oration is the second honor, and is given to the student who ranks second on the Merit-Roll. The three remaining orations constitute the third, fourth, and fifth honors, and are given to the students who rank third, fourth and fifth on the Merit-Roll. The dissertations are given to such other students in the graduating class as particularly excel in rhetorical merit.

After the exercises of the graduating class the distribution of the diplomas takes place, and also that of the various honors, and prizes hereafter described.

MEDALS AND PRIZES.

The Pell Medals.

In 1849, Duncan C. Pell, Esq., placed in the hands of Trustees \$500, to be invested, and the income to be applied annually, forever, to procure a gold medal, to be awarded by them to the student in the College who shall have made the greatest proficiency in his general studies during the year.

In 1856, the above-named donor, by a deed of trust, authorized the Trustees of the said Fund, if to them it should appear expedient, to devote a portion of the income of the Fund to the procuring of a silver medal, to be awarded to the student who shall rank second in general proficiency during the year.

PRESENT TRUSTEES OF THE FUND,

The Riggs Medals.

In July, 1864, Elisha Riggs, Esq., by a donation of \$1,000, in United States securities, established a fund, to be administered by trustees, the annual income of which shall be forever devoted to the providing of a gold medal, to be annually awarded to the author of the best English Prose Composition in the Senior Class of the Collegiate year then terminating; and of a similar gold medal to be so awarded to the author of the best English Prose Composition in the Junior Class of the same year; any surplus of income to be applied by the Trustees to further, in any way they may think best, the design of the donor to stimulate the cultivation of English composition in the College of the City of New York. The competition is open to all who have received not less than three-fourths of the maximum in English composition, from the beginning of the Junior year. The names of the competitors must be handed in to the President on or before the second Monday in February. The essays must be handed in on the first Monday in June.

The Kelly Prizes.

In 1868, James Kelly, Esq., placed in the hands of the Board of Trustees of the College \$1,000, to be permanently invested by them, as Trustees. In accordance with the provisions of the trust, the following disposition has been made of the fund: Half of the annual income thereof is given to the best debater in either the Phrenocosmian or Clonian Society. The speakers contending for this prize are chosen by these societies, three from each, and the six so chosen are the only competitors. The President of the Board of Trustees selects the subject, and submits it to the Faculty for approval. The debate is held in the College Chapel during the week preceding Commencement.

The other half is given to the member of the said societies who shall write the best *critique* on some English work proposed as a subject for criticism by a suitable Committee, to be designated by the Executive Committee; the subject is announced before the Christmas vacation, and the essays must be handed in at the time and under the conditions of the Riggs' Essays. The Committee, consisting of the President, the Professor of History and Belles-Lettres, and the Professor of the English Language and Literature, decides upon these essays, and both awards are made at Commencement.

The Claflin Medals.

In 1871 John Claflin, Esq., of Brooklyn, N. Y., placed in the hands of Trustees \$1,250, to be invested, and the income to be applied

annually, forever, to procure two gold medals and two silver medals, to be awarded as follows :

A gold medal to that student of the Senior Class who shall pass the best competitive examination in Greek ; a gold medal to that student of the Junior Class who shall pass the best competitive examination in Latin ; a silver medal to that student of the Freshman Class who shall receive the certificate of the Professor of Greek, that he has made the greatest proficiency in that department ; and a silver medal to that student of the Freshman Class who shall receive a corresponding certificate from the Professor of Latin.

Prizes for Declamation.

PROSE.

In 1862 the President of the Board of Education offered a prize for excellency in *Public Speaking*, to be called the "PRIZE OF THE PRESIDENT OF THE BOARD OF TRUSTEES." The speakers contending for this prize are chosen by ballot by their classmates, from the three higher classes, two from each, and the six so chosen are the only competitors for the prize. Only such students shall be eligible as have not received fifty demerit marks during the first term, or twenty-five during the second term, preceding the day of such election. They

speaking selected pieces, and the speaking forms a part of the preliminary proceedings of Commencement ; the prize is awarded by a committee of gentlemen having no relation to the College and selected by the donor. The award is announced on Commencement day.

The successive Presidents of the Board have offered prizes in accordance with the foregoing conditions.

POETRY.

In 1855 a gentleman of this city offered a "prize to the best Declaimer of a Selected Poem," the competitors to be selected, one from each of the three higher classes, by the students of said classes respectively ; the exercises to form a part of the Commencement, and to take place at the same time as the speaking for the "Prize of the President of the Board of Trustees," and the award to be made by the Committee selected to confer the prize in prose speaking, and at the same time and place.

These exercises in declamation are usually held on Friday preceding Commencement.

Lockwood Prize for Translation..

In 1857 Mr. George R. Lockwood offered an annual prize for the best translation from French into English. The translators contending for the prize are elected by ballot from and by the students in the three higher classes who have studied French in the College, two from each class, and the six so chosen are the only competitors for the Prize. Each translation has appended an assumed

name or motto, and a sealed letter bearing the name or motto and containing the true name of the translator is left with the President. The translation is made after the summer examination, on a day appointed by the President and within a given time, not exceeding three hours. The passage is selected by the Professor of French, and the merit of its translation is judged by its excellence both in interpreting the foreign text, and in the use of good idiomatic English ; the former point being decided by the Professor of French, the latter by the Professor of English. These two Professors form the Committee of Award, together with the President, to whom they report, according to a scale of merit previously agreed upon, and from an addition of such reports the fact of superiority is ascertained.

STUDENTS' AID FUND.

In 1857 the Association established a fund for the purpose of assisting such students as might otherwise find difficulty in completing

their collegiate course. This fund is maintained by contributions from the Alumni. The management of the fund is committed to five trustees, who loan, without interest, such sums as they think proper to deserving students; and neither the names of those to whom the loans are made nor the amounts of the loans are known to any but the trustees and the auditors of the fund.

The following are the present trustees to whom applications may be made :

THE COLLEGE.

The College of the City of New York, originally entitled the Free Academy, was established in 1848, by the Board of Education of the City of New York, in pursuance of an Act of the Legislature of the State, passed May 7, 1847. In the year 1854, the Legislature passed a law endowing the Institution with full Collegiate powers and privileges, so far as pertained to the conferring upon its graduates the usual Collegiate degrees and diplomas in the Arts and Sciences. In the year 1866, on the recommendation of the Board of Education, the Legislature of the State, by an act passed March 30th, changed the name to that of "*The College of the City of New York*," and conferred on the Institution the powers and privileges of a College, pursuant to the Revised Statutes of the State, rendering it subject to the provisions of the said Statutes relative to Colleges, and to the visitation of the Regents of the University, in like manner with the other Colleges of the State, and making the members of the Board of Education *ex-officio* the Trustees of the College.

COURSE OF STUDY.

The entire course embraces a period of five years of two terms each, and provides for instruction in the branches necessary for the attainment of the degrees of *Bachelor of Arts* and *Bachelor of Sciences*. These are conferred on students who have completed a course of Collegiate training—*classical* or *scientific*—as prescribed by law. The details of these two courses of Study, together with the time devoted to each subject, are found on pages 14 and following.

The Professor of Architecture and the Arts of Design will give instruction in these subjects to those students of the Senior and Junior classes who shall elect to take that course. The students of the said classes shall have an option between the course in Philosophy and the course aforesaid.

In addition to the above, there is a Post Graduate Course of Civil Engineering (see page 27); and also a short Commercial Course for such students of the Sub-Freshman Class as may desire it, and intend to remain one year only (see page 32).

At the time of his admission, every student must present a written statement, made by his parent or guardian, of the course he intends to pursue. This statement is registered and filed at the College. A parent or guardian may, however, by a written request, delegate the selection of the course to the President or the Faculty.

The choice of the course of study should be most carefully considered beforehand, as a proper regard for the welfare of the student and for the settled order and discipline of the College necessarily forbids any subsequent change.

LECTURES AND EXERCISES.

As part of the course, lectures are delivered by the Professors in the various departments on the respective subjects of study.

Exercises in composition are required from each student in the Freshman and Sophomore classes, and declamations from the students of the Sophomore class. Original declamations from the students of the Senior and Junior classes form a portion of the daily collegiate exercises.

Students in the Classical Course have the opportunity of studying the Calculus, if they desire it, omitting for the purpose three hours in the Junior Year from such studies as they may elect, other than the Latin and Greek.

LECTURES AND EXERCISES.

As part of the course, lectures are delivered by the Professors in the various departments on the respective subjects of study.

Exercises in composition are required from each student in the Freshman and Sophomore Classes, and declamations from the students of the Sophomore Class. Original declamations from the students of the Senior and Junior Classes form a portion of the daily collegiate exercise.

There is a Post Graduate Course of two years in Civil Engineering, after College hours and without expense to the Board of Trustees, to which graduates of good standing in the Scientific Course are admitted,

REQUISITES FOR ADMISSION.

The examination of candidates for admission takes place immediately before the general examination in June. No student can be admitted to the College unless he resides in the city, has attended the common schools in the city one year, and passed a good examination in

SPELLING,	ALGEBRA, as far as Quadratic
READING,	Equations,
WRITING,	GEOGRAPHY,
ENGLISH GRAMMAR,	HISTORY OF THE UNITED
ARITHMETIC,	STATES.

To be admitted to examination, candidates must present to the President of the College a certificate in due form, signed by the Principals of the schools which they have attended, and specifying the dates and the length of time of their attendance.

At either of the regular examinations, candidates may be admitted to any class, provided they have attended the grammar schools the requisite period, passed the proper examination for admission, and also an examination, satisfactory to the Faculty, in the previous studies of the class to which they wish to be admitted.

No person is allowed to be present at the examination for admission except the instructors in the College and the members of the Board of Trustees. Neither the names of the candidates nor the schools from which they are sent are made known to the instructors conducting the examina-

tion, but each candidate is designated, during examination, by a number assigned to him by the President. Candidates who pass a good examination are admitted *on probation* for eight weeks, at the expiration of which, those who have shown the ability to prosecute the prescribed studies have their names entered on the rolls of the College.

Every student on leaving the institution, after one year, with a good character, is entitled to a certificate, stating the period he has been in the College, and the studies there pursued by him, provided he has satisfactorily accounted for all the books and other property intrusted to him ; but no student shall receive such a certificate if he be dismissed for misconduct. If a student should absent himself for two weeks without permission, his name is stricken from the rolls, and he loses his right to a certificate of good standing on leaving the institution.

DISCIPLINE.

The rules of conduct are few, and laid down in view of securing prompt attention to duty, and correct behavior. Any infraction of these rules involves punishment, which, according to the offense, consists of demerit marks, private admonition, admonition by the President in the presence of the section and of the instructor in the recitation-room, suspension by the direction of the President, public admonition by the President in presence of all the students at roll call, final admonition by the President in a meeting of

the Faculty, and dismissal for misconduct, the latter to be directed by a vote of the Faculty.

Every violation of the rules is recorded in the *Book of Discipline*, together with the degree of punishment inflicted, and the amount of demerits received. No student is demerited without receiving notice of the fact, and the cause.

TERMS, VACATIONS, ETC.

The classes are annual, and divided into two terms.

There are three vacations in each Collegiate year—the summer vacation, from the day after Commencement to the second Wednesday in September; the winter vacation, from the 25th day of December to the 2d day of January, inclusive; and the spring vacation, the week in which occurs the first day of May. There are no College exercises on Saturday, on the day celebrated as the Anniversary of American Independence, on the 22d day of February, Good Friday, on Thanksgiving Day, Election Day, Decoration Day, or on any Friday immediately following a legal holiday. The first Collegiate term commences at the end of the summer vacation, and the second at the end of the first examination.

The exercises during term-time begin at 9 A.M., and continue until all the classes are heard. The doors are closed for roll call at precisely fifteen minutes before nine o'clock, when all the students are to be in their seats in the chapel. During the months of December, January, February and March, the exercises MAY begin half an hour later.

EXAMINATIONS.

There is one public examination at the end of the Collegiate year. It commences so as to include the first week of June, and continues eight days. No student is allowed to advance to the next class unless found qualified for such advancement. And if a student shall, in any of his studies, have made so little progress as to be for two successive years unqualified for advancement, his name is stricken from the rolls of the College.

MERIT ROLL.

The Merit Roll is made up immediately after the second examination, and is published once a year. On this roll each student is ranked according to his standing in his class, determined by his merit marks received for study and conduct during the two terms and at the examinations.

The Merit-Roll Maximum for each term in any subject is ascertained by multiplying the number of recitations a week in that subject by one hundred ; two-fifths of this maximum is determined by the term-work and three-fifths by examination.

The maximum of conduct for a term is two hundred, and the conduct mark of each student is determined by deducting from such maximum all his demerit marks.

On the Merit Roll the students are classified as Highest, High, Good, and Low.

The student who has the greatest number of marks in his class ranks Highest.

Students rank High the total of whose marks in study and conduct together, equal or exceed eight-tenths of the maximum.

Students rank Good the total of whose marks equal or exceed six-tenths of the maximum.

The remaining students rank Low.

In the various studies, as well as on the general Merit Roll, students who have equal marks are numbered the same ; but the number of the one next below them is determined by the whole number above him in the class.

A copy of the Merit Roll is sent to the parent or guardian of each student.

JUNIOR EXHIBITION.

The Junior Exhibition takes place when ordered by the Executive Committee of the Board of Trustees. The exercises consist of the delivery of original addresses by members of the Junior Class, who are appointed by the Faculty each year, from among those whose standing in the last preceding Merit Roll is not lower than "Good," and who have not received seventy-five demerit marks during the second term of the Sophomore, nor forty demerit marks

during the first term of the Junior year, up to the day of appointment.

DEGREES.

The Board of Trustees are authorized by law to confer the usual Collegiate Degrees, on the recommendation of the Faculty. The degree of *Bachelor of Arts* is conferred on those who have completed the Classical Course; that of *Bachelor of Sciences*, on those who have completed the Scientific Course, as appointed by law.

The Faculty recommend no one as a candidate for a degree whose average standing in the studies of the Senior year has fallen below six-tenths of the maximum. Each member of the graduating class is required to write a composition for oral delivery, to be sent in, four weeks before Commencement. Orations and dissertations written for this occasion are not to exceed seven minutes each in length, with the exception of the Valedictory and Salutatory orations, which may be extended to ten minutes.

A Bachelor of Arts or Sciences, of three years' standing, may be admitted to the Degree of Master of Arts, or to that of Master of Sciences, provided he shows to the satisfaction of the Faculty that in the interval he has sustained a good moral character, and has successfully pursued some literary or scientific study, which may be evidenced by the diploma of some literary or scientific institution, or by the notes prepared by him while pursuing a literary or scientific course of studies. Application must be made on or before

the first of May, accompanied by an original thesis on a literary or scientific subject, and certified under the hand of the applicant to be the result of a regular course of study.

COMMENCEMENT.

The Commencement of the College is held on Thursday, preceding the first of July in each year.

The exercises of the graduating class on Commencement Day are five orations and four dissertations. Of the orations the Valedictory is the highest honor of that nature in the gift of the College, and is assigned to the student who stands highest on the Merit Roll, reckoning from the beginning of the Freshman year. The Salutatory Oration is the second honor, and is given to the student who ranks second on the Merit Roll. The three remaining orations constitute the third, fourth, and fifth honors, and are given to the students who rank third, fourth, and fifth on the Merit Roll. The dissertations are given to such other students in the graduating class as particularly excel in rhetorical merit.

After the exercises of the graduating class the distribution of the diplomas takes place, and also that of the various honors and prizes hereinafter described.

MEDALS AND PRIZES.

THE PELL MEDALS.

In 1849, Duncan C. Pell, Esq., placed in the hands of Trustees \$500, to be invested, and the income to be applied annually, forever, to procure a gold medal, to be awarded by them to the student in the College who shall have made the greatest proficiency in his general studies during the year.

In 1856, the above-named donor, by a deed of trust, authorized the Trustees of the said Fund, if to them it should appear expedient, to devote a portion of the income of the Fund to the procuring of a silver medal, to be awarded to the student who shall rank second in general proficiency during the year.

THE RIGGS MEDALS.

In July, 1864, Elisha Riggs, Esq., by a donation of \$1,000 in United States securities, established a fund, to be administered by Trustees, the annual income of which shall be forever devoted to the providing of a gold medal, to be annually awarded to the author of the best English Prose Composition in the Senior Class of the Collegiate year then terminating; and of a similar gold medal to be so awarded to the author of the best English Prose Composition in the Junior Class of the same year; any surplus of income to be applied by the Trustees to further, in any way they may think best, the design of the donor to stimulate the cultivation of English composition in the College of the City of New York. The competition is open to all who have received not less than four-fifths of the maximum in English composition from the beginning of the Junior year. The names of the competitors must be handed in to the President on or before the second Monday in February. The essays must be handed in on the first Monday in June.

THE KELLY PRIZES.

In 1868, James Kelly, Esq., placed in the hands of the Board of Trustees of the College \$1,000, to be permanently invested by them, as Trustees. In accordance with the provisions of the trust, the following disposition has been made of the fund: Half of the annual income thereof is given to the best debater in either the Phrenocosmian or Clionian Society. The speakers contending for this prize are chosen by these societies, three from each, and the six so chosen are the only competitors. The President of the Board of Trustees selects the subject, and submits it to the Faculty for approval. The debate is held in the College Chapel during the week preceding Commencement.

The other half is given to the member of the said societies who shall write the best *critique* on some English work proposed as a subject for criticism by a suitable Committee, to be designated by the Executive Committee; the subject is announced before the Christmas vacation, and the essays must be handed in at the time and under the conditions of the Riggs Essays. The Committee, consisting of the President, the Professor of History and Belles-Lettres, and the Professor of the English Language and Literature, decides upon these essays, and both awards are made at Commencement.

THE CLAFLIN MEDALS.

In 1871, John Claflin, Esq., of Brooklyn, N. Y., placed in the hands of Trustees \$1,250, to be invested, and the income to be applied annually, forever, to procure two gold medals and two silver medals, to be awarded as follows:

A gold medal to that student of the Senior Class who shall pass the best competitive examination in Greek; a gold medal to that student of the Junior Class who shall pass the best competitive examination in Latin; a silver medal to that student of the Freshman Class who shall receive the certificate of the Professor of Greek, that he has made the greatest proficiency in that department; and a silver medal to that student of the Freshman Class who shall receive a corresponding certificate from the Professor of Latin.

PRIZES FOR DECLAMATION.

PROSE.

In 1862, the President of the Board of Education offered a prize for excellency in *Public Speaking*, to be called the "PRIZE OF THE PRESIDENT OF THE BOARD OF TRUSTEES."

The speakers contending for this prize are chosen by ballot by their classmates, from the three higher classes, two from each, and the six so chosen are the only competitors for the prize. Only such students shall be eligible as have not received fifty demerit marks during the first term, or twenty-five during the second term, preceding the day of such election. They speak selected pieces, and the speaking forms a part of the preliminary proceedings of Commencement; the prize is awarded by a Committee of gentlemen having no relation to the College and selected by the donor. The award is announced on Commencement Day.

The successive Presidents of the Board have offered prizes in accordance with the foregoing conditions.

In 1855, a gentleman of this city offered a "prize to the best Declaimer of a Selected Poem," the competitors to be selected, one from each of the three higher classes, by the students of said classes respectively; the exercises to form a part of the Commencement, and to take place at the same time as the speaking for the "Prize of the President of the Board of Trustees," and the award to be made by the Committee selected to confer the prize in prose speaking, and at the same time and place.

These exercises in declamation are usually held on Friday preceding Commencement.

LOCKWOOD PRIZE FOR TRANSLATION.

In 1857, Mr. George R. Lockwood offered an annual prize for the best translation from French into English. The translators contending for the prize are elected by ballot from and by the students in the three higher classes who have studied French in the College, two from each class, and the six so chosen are the only competitors for the prize. Each translation has appended an assumed name or motto, and a sealed letter bearing the name or motto and containing the true name of the translator is left with the President. The translation is made after the summer examination, on a day appointed by the President and within a given time, not exceeding three hours. The passage is selected by the Professor of French, and the merit of its translation is judged by its excellence both in interpreting the foreign text, and in the use of good idiomatic English, the former point being decided by the Professor of French, the latter by the Professor of English. These two Professors form the Committee of Award, together with the President, to whom they report, according to a scale of merit previously agreed upon, and from an addition of such reports the fact of superiority is ascertained.

PRIZEMEN,

AT COMMENCEMENT, JUNE, 1880.

The annual Award of Medals and Prizes at the Commencement, June 26, 1880, was made according to the prescribed terms and conditions heretofore mentioned, and was as follows :

STUDENTS' AID FUND.

In 1857 the Association established a fund for the purpose of assisting such students as might otherwise find difficulty in completing their collegiate course. This fund is maintained by contributions from the Alumni. The management of the fund is committed to five trustees, who loan, without interest, such sums as they think proper to deserving students ; and neither the names of those to whom the loans are made nor the amounts of the loans are known to any but the trustees and the auditors of the fund.

The following are the present trustees, to whom applications may be made :

JOHN HARDY,	265 Broadway.
ALFRED G. COMPTON,	At the College.
CHARLES L. HOLT,	188 Front Street.
EVERETT P. WHEELER,	10 Pine Street.
